

ABOUT LENORE

Lenore Gallagher has been a CPEP After School STEM Challenge Program Manager since 2013. In addition to development of the program, she is responsible for writing STEM curriculum for the various projects, providing teachers with assistance in facilitating the program, and is instrumental in the production of the CPEP After School STEM Challenge Guidebook.

Lenore's career spanned 37 years as a public school teacher with the Bristol School system. She spent half of her time as an elementary school teacher in grades 3-6 and then assumed the position of a science teacher at the Middle School level for the last 18 years of her profession. During that time period, she was also employed for 15 years as a teacher in the CPEP After School STEM Challenge at two different middle schools in Bristol.

Lenore received both her Bachelor's and Master's Degrees from Central CT State University. She received a PIMMS Fellowship in Science from Wesleyan University, has participated as a teacher in the Partners In Science Program at CCSU as well as the TEAM Summer Program for math at the University of Hartford.

Lenore resides in Bristol, CT where she was born and attended area schools. She is happily married, has two daughters and son-in-laws, and three wonderful grandchildren.
